

SUMMER HIGH SCHOOL ENROLLMENT NOW 114

Necessary to Procure Services of
More Teachers—Popularity of
Idea Proven.

With an enrollment of 114, Washington's first summer high school, being conducted in the Friends School building, 1809 I street northwest, today ended the first week of its session. Because of the size of the enrollment it has been necessary to procure the services of two more teachers.

The school is not to be open for registration purposes tomorrow, but new students may be enrolled next week, daily, between the hours of 9 a.m. and 1 p.m. It is anticipated that Monday many new students will be entered.

Those in charge of the school, which was started by a number of teachers, declare that the large enrollment proves conclusively the demand for such an institution here. It is hoped that by this experiment Congress may be interested to such an extent that funds for carrying on the work may be appropriated for future years.

The faculty additions are Miss Isabelle Baldwin and Emerson Matthews. Miss Alice Deal of McKinley Manual High School is the principal. Other members of the faculty are George R. Devitt, Miss Bertha L. Gardner, Mrs. Edith C. Paul, Miss Mildred Dean, Miss Alice Clark, William C. Myers, Miss Genevieve Marsh and Miss Jeanne Marc.

FRAME ALLIANCE TREATY FOR TEUTONIC PEOPLES

High Officials of Germany and Austria-Hungary Sign Important Pact.

LONDON, June 30.—A dispatch to the Times from Budapest says the draft of an important treaty of alliance between Germany and Austria-Hungary has just been completed at Berlin and signed by Prince Ernest von Hohenlohe-Langenburg on behalf of Austria-Hungary, and Dr. von Bethmann-Hollweg, the imperial chancellor, on behalf of Germany.

"The treaty, which is for twenty-five years," says the correspondent, "provides for the unification of direction of military and foreign affairs, while regarding economic questions it provides for concerted action in dealing with foreign countries, interstate relations being left outside its scope."

The administration of the treaty will be under committee to consist of members delegated by the federal council on behalf of Germany and by the Austro-Hungarian government. The treaty will not be submitted to the Austrian or Hungarian parliaments for ratification, as it is treated as a foreign affair and is under the sole responsibility of the crown.

You Can Get Comfort These Days in Cloth Suits--the Skeleton-Lined Kind

3/4 TRIMMED COAT.

SKELTON-LINED VEST.

SOME men have a notion that they can't get a cloth suit cool enough for warm days. Nothing could be farther from the truth. The skeleton-lined idea has revolutionized the cloth suit; the coats are not burdened with a bit of superfluous weight.

All the lining they have is a yoke of silk or mohair—which makes them practically unlined.

It takes tailoring of more than ordinary cleverness to produce such clothes—the brands we have are noted for that—

Society Brand or Aristocrat-ic Clothes

You can't get these clothes elsewhere; you can't get anything like them elsewhere; not at a tailor's, nor ready-to-wear.

Judge their merit by the men who have taken to them; men of affairs; men to whom the price is no object.

That doesn't mean the prices are high—we have the above mentioned famous makes—in a variety so vast as to take your breath away—at
